

Meet Up Spot

Buying or selling online? OfferUp has partnered with local businesses and police stations to create Community Meet Up Spots. They're great places to meet up with someone else to inspect items and complete sales. We encourage you to meet inside the lobby. If you cannot do so, another ideal place would be in the parking lot. Both the lobby and parking lot are brightly lit and equipped with 24 hour live monitored cameras. Officers are always coming and going. There is no charge for this service, just look for this sign!

Feel free to take advantage of this meetup spot for custody exchanges!
